The 46th
Semi-Annual

CENTRAL STATES

**Shorthorn and
Polled Shorthorn
SHOW & SALE**

OSKALOOSA, IOWA

Saturday,
APRIL 1,
1972

78 HEAD

41 BULLS — 11 FEMALES

25 CLUB HEIFERS

There is a reason why this sale has become known as "The Sale of the Money Makers." It is because the Central States Shorthorns and Polled Shorthorns are offered in "working" condition . . . ready to go into your herd and make money. You are not paying for fancy dress but for bulls and females in strong breeding condition and of dependable bloodlines. Be sure to attend this sale. This offering contains some of the greatest buying opportunities in Central States history and will feature an outstanding offering of registered bulls for farmer and small breeder use, also a great group of heifers, suitable for 4-H and FFA show work.

INFORMATION

SHOW TIME

The show will begin at 8:30 a.m., C.D.T.

SALE TIME

The sale will get underway at 12:00 noon.

LOCATION

The sale will be held at the Southern Iowa Fairgrounds, northwest corner of Oskaloosa, close to primary roads 92 and 163.

TERMS

The terms of this sale are cash unless other arrangements have been made in advance with the owners and the sale manager notified. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE

All cattle in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Breeders' Ass'n.

LIABILITY

Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneer, ringmen, or sale manager have been employed for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

A SHORTHORN PAINTING SELLS

As has been the custom at these semi-annual sales, Harry Gohner, artist and Shorthorn breeder from Lacona, will auction an original Shorthorn painting already beautifully framed. This picture shows a painting that sold at a former sale. These are highly valuable works and this one would be an attractive addition to any Shorthorn, or Polled Shorthorn home.

FOOTNOTES

Where footnotes appear, they have been furnished by the consignors. Announcements from the auction block take precedence over data in this catalog.

REGISTRATION CERTIFICATE

A certificate of registry will be furnished with each registered lot and will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished with each unborn calf sold in dam.

HEALTH

All cattle are sold subject to a 60-day retest for tuberculosis if kept isolated, unless going into a Federal Accredited herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for tuberculosis unless they come from an Accredited herd. The cattle have been tested for Bang's within 30 days, or have been calf-hood vaccinated, unless otherwise stated.

LUNCH

Lunch will be served on the grounds by the ladies of the Central Reform Church.

HEADQUARTERS

Traveler Motel, 11 blocks east of business center on Hwys 92 and 63.

FRIDAY NIGHT BANQUET

An informal meeting and dinner will be held at the Downing Hotel, east side of the Oskaloosa Square, Friday evening, 6:30 p.m.

AUCTIONEER

Tom Sherlock, Oxford, Iowa.

ATTENTION, JUNIORS

Until further notice, the owner of any Shorthorn or Polled Shorthorn club steer, or heifer, purchased in a Central States Sale, which wins a breed championship in any 4-H or FFA show will, upon notification to the Association secretary, Mrs. Wayne Farnum, Victor, receive \$10 from the Central States Association.

SALE MANAGER

A.S.A. Sale Management, Bill Stunkel, 8288 Hascall St., Omaha, Nebr. 68124.

FIELDMEN

Gene McDonald, The Shorthorn World

Wade Hauser, Wallace's Farmer

Gene Fitzgerald, The Drovers Journal

Wayne Farnum, Victor, Iowa

Adrian Meierotto, West Point, Iowa

SHOW CLASSIFICATION

Judge: J. W. Brune, J & S Farms, Columbia, Mo.

Show starts at 8:30 a.m.

34, 36, 39, 42, 44, 45, 46, 47 and 48

WHY CROSS WITH SHORTHORNS?

A livestock market in Oklahoma reported the following in its weekly newsletter to customers:

"Within the last year the crossbred calves are the best selling calves by an average of \$2 per hundredweight on steer calves. The short-legged blacks and short-bodied calves are selling for \$4 to \$6 per hundredweight less than crossbred Angus and Hereford. Eighty percent of wheat pasture and feedlot order buyers are getting orders with no solid black calves at all. This is information we feel the shippers should consider for their next calf crop for a more profitable return in marketing calves."

While this report does not mention Shorthorns, it is no secret that Shorthorns and Shorthorn crossbreds are selling at a premium. Willard Schlegel, Culbertson, and Dayton Ballentine, Brule, both large feeders who try to buy all the Shorthorn-blooded steers they can, report that this past fall Shorthorn and Shorthorn crossbreds "were costing two to three cents more than other calves of the same quality and weight".

Each fall the American Shorthorn Ass'n has orders for Shorthorns and Shorthorn crossbreds that go unfilled . . . there just aren't enough to go around. During the past two years many of the "Black Friday" sales held have been topped by Shorthorn crossbreds.

SO WE SUGGEST YOU CROSS WITH SHORTHORNS TO REALIZE A HIGHER PER-POUND PRICE ON YOUR FEEDER CALVES.

With Shorthorn bulls you get

More milk in the resulting replacement heifers.

More gaining ability.

High grade. (A recent study of 307 steers and heifers exhibited at the Nebraska State Fair and slaughtered, 95% of the Shorthorns graded choice or better as compared to 82% of the blacks, 63% of the crossbreds and 48% of the whitefaces.)

Shorter calving periods. Shorthorn bulls work best.

Heavier weaning weights.

We could go on and on. Remember over 30 recognized beef breeds owe part of their parentage to Shorthorns . . . more than double the combined influence of Herefords and Angus. This should be positive proof that Shorthorns are **THE BEST FOR CROSS-BREEDING.**

LOT 1—BULL

Hubert McElhinney

HILLNDALE'S LUKE 3375-566

Tattoo RE 72

White. Calved October 31, 1967. Bred and owned by Hubert McElhinney, Crawfordville, Iowa.

Red, Lloyd F. Burr & Son

CLIPPER'S IVAN — 205-day weight, 510 lbs.; 365-day weight, 975 lbs. Our bulls are all half-brothers to the group of bulls that have been gaining so well in the Newton IBIA Test. At 84 days they were leading all breeds with a 3.26-lb. per-day gain of 2.90 lbs. weight per day of age. All exotic breeds were included in this test. Royalty C Fascination has consistently sired top-gaining cattle for us. Why use a cross-bred bull when you don't have to?

 Red, Lloyd F. Burr & Son Rn., Lloyd F. Burr & Son

CLIPPER'S IVORY L — We take a lot of pride in this young, modern bull. We showed him very successfully last summer and he was in the champion parade at the Iowa State Fair. We dehorned scurs off this bull, so had to register him as horned. However, he ought to throw as many polled calves as any scurred bull would. We feel this is one of the best bulls we have offered at Oskaloosa. He has considerable growth. Despite being shown, he still had a 205-day weight of 580 lbs. and a 365-day weight of 1,020 lbs. You could look a long time before finding a bull as good.

LOT 39—BULL *B. E. Van Sickle & Son*

DUPLICATOR'S MISSIE — Another top show prospect. Has a wealth of that popular Mercury breeding that is so much in demand today.

STANDARD GUARANTEE

ENDORSED BY THE AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
